The Governing Body is asked to:

Approve the Safeguarding Annual Report 2016-2017 report, which was discussed and endorsed for Governing Body approval by the CWHHE quality and performance committee on 5 October 2017.

Summary of purpose and scope of report

The Safeguarding Children and Adult Annual Report for 2016 - 17 provides the Governing Bodies of the CCGs with an overview and summary of Safeguarding activities across NHS Commissioned Health Services and within the CCG during 2016 –17, for an overview refer to the Executive Summary following this header. The report has been uploaded to the CCG website and can be found by following this [link](#).

It highlights areas where improvements or the impact of national policy change will require the CCGs to ensure effective systems are in place to safeguard children and adults in the forthcoming year.

This report reviews the progress and achievements against the priorities carried forward from 2015 –16 and the priorities set for 2016 –17 (see Appendix 1). The priorities for 2017 - 18 reflect areas where improvements will further ensure that there are effective systems in place to safeguard children and adults for the CCGs. These are specific priorities for the CCGs and do not repeat the priorities agreed with each Safeguarding Board although the work will complement and fit into all partnership work.

This report identifies areas for the work plan for 2017 –18 which will also give consideration to the role of the Safeguarding Team and Named GPs in relation to supporting the CCGs of Central London, West London, Hammersmith and Fulham and Ealing who acquired delegated responsibility (from NHS England) to commission GP services.

Quality & Safety/ Patient Engagement/ Impact on patient services:

This report identifies the extent to which the CCGs have sought assurance that their commissioned health services, encompassing Continuing Health Care, Funded Nursing

Care, in partnership with the Safeguarding Boards and local authorities are effectively discharging their safeguarding functions for both children and adults.

Finance, resources and QIPP

This is a report which itself has no identifiable cost implications.

Equality / Human Rights / Privacy impact analysis

Effective safeguarding and patient safety are managed through quality service provision taking into consideration the rights of children and adults. Accordingly equality and diversity issues are considered at all levels and benchmarked against the Equality Act 2010.

| Risk | Mitigating actions |
|--|--|
| <p>This report is linked to Corporate Objective 5 of the Board Assurance Framework: 'Ensuring we have safe, high quality sustainable services.'</p> <ul style="list-style-type: none"> - The risk in relation to safeguarding children is that failure to meet statutory responsibilities will lead to poor quality of care. - The risk in relation to adults is that failure to sustain compliance with the Care Act and NHS England Assurance Framework across all the services that we commission. - The work of the safeguarding team contributes to the organisational objectives, relevant mitigating actions and the management of risk for contracted activities. | <p>Issues and concerns are addressed via Trust contract monitoring meetings.</p> |
