|-----------------------------------|---|
| <b>The Committee is asked to:</b> | <ol style="list-style-type: none"> <li>1) Note the attached summary of the “Next Steps to the Strategic Commissioning Framework”, published by Transforming Primary Care (Healthy London Partnership) in October 2018</li> <li>2) Review the local progress from April to October 2018 with developing implementation plans for GP at Scale, and the associated financial expenditure</li> <li>3) Agree the proposed next steps, to March 2019, to support the CCG’s local Primary Care Networks and GP Federation</li> </ol> |
|-----------------------------------|---|

<b>Summary of purpose and scope of report</b>	The purpose of the paper is to update the Primary Care Commissioning Committee on the publication of the “Next Steps to the Strategic Commissioning Framework”, and the local progress with developing implementation plans for General Practice at scale.
---	--

Paper: 7

A programme of work is underway across NW London, to support GP Federations and Primary Care Networks in their readiness to improve the quality of care for patients, and to support the sustainability and resilience of general practice across our population.

The Primary Care Committee's advice is welcomed on the stage that local development has reached, and on any additional steps that may be required to deliver the CCG's vision for general practice at scale
