Summary of purpose and scope of report
This paper provides a summary of the progress of co-commissioning in H & F and outlines the topics that have been discussed in the four meetings held in the period December 2015 – February 2016. It also includes details of the actions taken by the delegated non-conflicted committee 09 February 2016 in respect of the Personal Medical Services (PMS) review.

Quality & Safety/ Patient Engagement/ Impact on patient services:
One of the aims of co-commissioning is to give the CCG greater involvement in the commissioning of primary care medical services. Meetings are held in public and questions invited from the public.

Finance, resources and QIPP
This document does not outline any new information relating to finance, resources or QIPP. There are however ongoing resource implications of the co-commissioning arrangements as CCG staff have incorporated them into existing roles.
